Costa del Sol, Marbella

A true gem nestled in the heart of Nueva Andalucia, close to Puerto Banus yet enjoying its own tranquil location! This luxury 7 bedrooomed villa was built to impress and leave you feeling pampered. A super stylish pad, decorated impeccably, with just a touch of an oriental influence, villa Jasmine feels more like a boutique hotel or spa and even comes complete with 2 staff on hand from 9-5 every day for housekeeping and cooking. The house has a stylish interior that takes guests to the next level. Here you will only see the highest quality finishes and modern design. Villa Jazmin has all the features one might expect in a property of such standing, but actually feels more like a private resort with comfortable lounges and a cinema room, indoor and outdoor pools, its own gym and stunning terraces. It would be hard not to destress here! Choose whether to dine in the covered outdoor dining area or sip a cocktail at the poolside bar. Inside, you'll find several lounges each with its own twist on the fantastic design theme. The kitchen is good enough for any chef, with tasteful black units, plenty of room to cook and forming part of an open plan dining area where the black and off-white tones coordinate perfectly throughout. The 7 bedrooms and 7 bathrooms are quite something too. With an almost regal quality, the beds are kitted out with the best linens. Fashionistas need not fret; there is plenty of space for all your finery in the large, fitted wardrobes. They say water heals the soul, and one of the bathrooms would be better described as a sanctuary! With its own free-standing bath in a private courtyard, you can bathe those troubles away in the open air listening to birdsong, yet maintain the upmost privacy. A remarkable property by any standards, it's the villa's charming energy combined with the luxurious features and resort/ boutique hotel quality that make it that bit extra special. Cleverly designed spaces mean you will have no issues escaping: The indoor pool area is one such feature; extremely upscale, with a dark painted base reflecting into the water and huge, carefully placed loungers, subdued lighting and a stone Buddha presiding over the tranquil ambience. Jazmin may be ideal for relaxation but it's accommodating too. You can't help but become the most sociable version of yourself here with its swanky lounges and dining areas inside and out. Indeed, painted subtly on the dome inside the hallway in Norwegian are the words: "Always together, always good friends. Respect for each other. One foot forward." Sometimes, the answer we are looking for is written on the wall! Villa Jazmin is a place where you can't fail to make special memories and where fabulous friendships can only be solidified. With the housekeeping and catering included, you will leave here well rested and pampered. Marbella's Nueva Andalucia is known for its golf courses, restaurants and shops. A perfect choice for a relaxing holiday for golfers or those wishing to explore the 150km of coastline the Costa Del Sol offers. Puerto Banus and The Golden Mile are both only short car journeys away, the villa is ideally located for sun, sea, golf and sightseeing holidays.
